Kellogg Peace Fruits To Boom Good Times When a Man Scribbles Think of Mexico

China says Russia's attack on her Manchurian possessions, seizing the railroads, killing Chinese, setting fire to their homes, etc., is a defiance of the Kellogg peace pact.

Britain and America will talk that over and see what can be done about it. Henderson, foreign minister in Britain's labor cabinet, says Japan will take part in the discussion. Russia asks one's advice and the only thing that could be done about it would be to fight Russia.

It would be interesting if the first fruits of the Kellogg peace pact should be the start of another war. If that war came Japan, highly intelligent, would send a few "observers," as in the big war, and do nothing else. Britain would be too busy with other things and too "fed up" for any more fighting. Uncle Sam would be told, "After all, Kellogg is your man. It is your peace pact. Have the common decency to attend to this matter."

Insult of Chicago, Cortelyou of New York and Owen D. Young of Europe. New York and everywhere have seen the President. They and other industrial states promise the President to co-operate in his admirable undertaking, promotion of new enterprises, wise spending of money and creation of jobs.

Their promise is no small one, for they agree to spend fifteen hundred million dollars on one program. What the country needs, if it really needs anything beyond common sense, is to spend part of the money we have, and we have hundreds of billions of it. On past occasions this country has stood petrified, unable to move, like a man watching his house burn down, unable to use his legs or hands.

You might buy of an autograph dealer a signature of Herbert Hoover on a sheet of paper with many little queer geometrical diagrams scratched on the paper while listening to a visitor.

These diagrams usually mean that the man making them is not listening "very hard."

If Rockefeller or Ford called to tell the President of a plan to put ten million men to work at good wages, he would listen and wouldn't do any scribbling as he listened.

When you talk and a man scribbles, make it short. He isn't much interested.

It was a distressing slump in Wall Street, but think of poor Mexico. That country has had not a slump but a downward cataclysm.

Figures prepared by L. F. Herbert, authority on Mexican securities, show that national and railroad securities in Mexico with a total value of \$500,000,000 are now selling on a basis of \$37,000,000, or about six and a half per cent of par.

Suppose you could buy \$100 worth of our government bonds or bond railroad stock for \$8.50. That would be worry.

And the simple-hearted Mexicans have not been dumping out new stock, 20,000,000 shares at a time, either.

Business men that know what it means to take an inventory of a good-sized store will shudder when they hear that Doctor Shipley of Harvard has a plan for taking an inventory of the universe or "an index," as he calls it. Man is very far down in that inventory, about as important as a shoestring in a wholesale dry goods store.

In the cosmos everything is to be listed in its place, from electrons to "super galaxies." The difference between a super galaxy and an electron, of which millions might revolve unperceived around their nucleus in the corner of the eye, is quite a difference.

Consider that the molecules in a pint of water, placed side by side, touching, would go around the earth two hundred million times; that our sun is a million times as big as the earth; that there exist other suns, one million times as big as ours, and you can imagine what a cosmic inventory would be. But men will make it, including everything within the telescope's reach.

Under ground near the marshy shore of the Bay of Biscay old Clemenceau would be interested to hear that the German newspapers say, "We should have won the war if we had had the greatest Frenchman since Napoleon."

E. E. Free, able engineer, says 1930 will see electric houses lighted with artificial sunlight, weather arranged as prescribed by the doctor, like a baby's modified milk, no windows, soundproof, and electrically ventilated. The soundproof suggestion is welcome and the rest, not.

Men are, physically speaking, and make. They want the sun shining regularly, the air blowing through they want to come in and go out as they did in the cave days, and do not want the inside made like the outside (© 1929, by King Feature Syndicate, Inc.)

THE REPORT CARD

(By Grayling Public Schools)

Everyone enjoyed the evening session of school last week. Quite a few visitors appeared, much to the surprise and sorrow (?) of some members of the student body. Everything went along as it usually does in the afternoon. The Choral Club and the Senior Glee Club entertained during the last fifteen minutes of school.

The Art Exhibit in the school gymnasium was carried through quite successfully last Tuesday afternoon and evening under the supervision of the Student Council. Members of the council acted as a courtesy committee, leading the visitors around and offering explanations when needed. Some very good paintings were shown and everyone who attended the exhibit profited considerably.

Annual Staff Elected
The Senior class is preparing to accomplish a task that no class in the history of the school has yet done—publish a school annual. If they succeed, and of course they will, it will be something to be very proud of. Thus far, no name has been suggested but that will be decided upon later. The staff is made up of:
Editor in chief—Mary Mahneke.
Assistant—Don Emery.
Business manager—Elizabeth Matson.

Cuts and snapshots—Helen Lietz, Helen Johnson, Thorwald Sorenson, Margaret Warren, Brad Jarmin.
Athletics—Clara Bugby, Mary Esther Schumann.
Circulating managers—Loretta Sorenson, Annabelle Harris.

Advertising managers—Dorothy Hoelsi, Art Curnalia.
Joke Editors—Joe Kessler, Jerome Kessler.

Class Editors:
Senior—Grace Parker.
Junior—Lura Ensign.

Sophomore—Gene Randolph.
Freshmen—Donald Akers.

Faculty Advisors—Mr. LaBarge, Miss Hunter.

High School Wins—19 to 6
Last Wednesday evening the H.S. and alumni went out on the basketball floor, both certain of victory, especially by the players of last year. But what a surprise! They were seemingly outplayed at every move. Again that old adage—"We didn't have enough practice." All right, Alumni, practice up and we'll play you again—and double day scores!

The faith that we all have and had in Rudy was not disappointing for he made 12 of the 19 points.

The lineup was as follows:
R.F.—W. Harrison 2, substituting for A. May; G. Sherman 1.

F.—E. Daugherty 0; D. Koivune 0; D. Emery 1.

C.—R. Harrison 12.
R.G.—A. Curnalia 0; LaGrow 0.

L.G.—B. LaGrow 2, R. Sheehy 1. Although we're for the H.S. it seemed good to see the alumni fellows on the floor.

Their lineup was:
L.F.—E. Neal 3, K. Steinhilber 0.

R.G.—H. LaGrow 0, E. Fenton 0.
C.—R. Robertson 0, L. Stephan 0.

L.G.—F. Brady 0, W. LaGrow 0.
F.—C. Wylie 0, W. LaGrow 0.

Mr. Walker of Alba was the referee.

Girls Interclass Tournament
Wednesday evening at 7:30 the Seventh and Eighth grade girls played an exciting game of basketball.

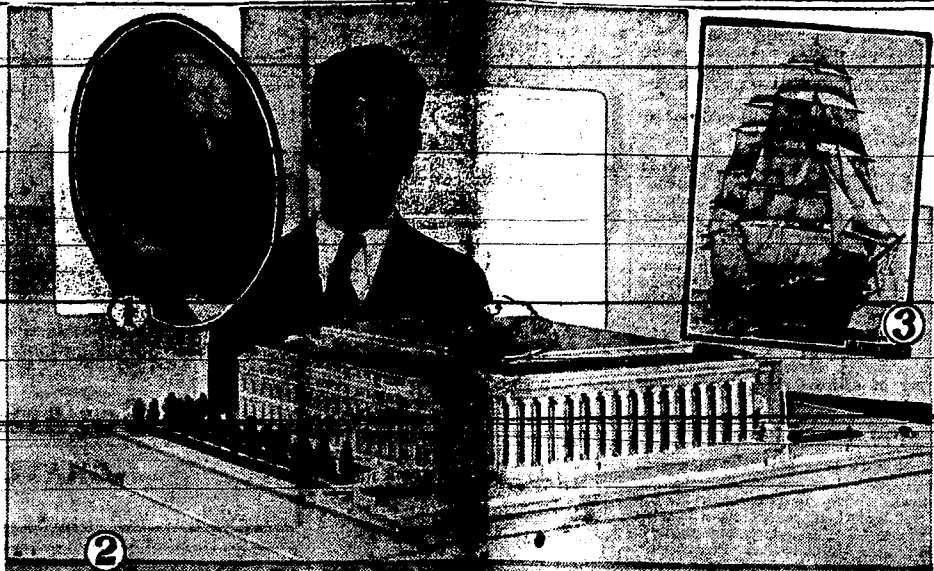

To most everyone's surprise the 7th Grade won.

The 12th grade girls were so certain of victory that they nearly lost. Some very good material is promised from the 9th grade.

The championship game will be played Friday.

Monday Afternoon Present Assembly
entertained in assembly by present "School Days," a short play including in its cast all the members

(Continued on last page)

1—Nelson T. Johnson, assistant secretary of state in charge of Far Eastern affairs, who was appointed minister to China to succeed John Van A. MacMurray. 2—Walter F. Frederick of Chevy Chase, Md., with his model for the George Washington Memorial building to be erected on the National Capital. 3—Benjamin F. Packard, that was sold at auction in New York as an item in the art collection of Max Williams—the largest antique ever sold.

GRAYLING BOY WRITES FROM CHINA

IS SERVING IN U. S. NAVY

The following is an interesting letter written by Marion Shaw, son of Mr. and Mrs. Walter Shaw, and grandson of Mr. and Mrs. Grant Shaw. Marion is serving his country on U.S.S. Mindanao, the flagship of Uncle Sam's Asiatic fleet. It reads as follows:

Canton, China.
October 25, 1929

Dear Grandma:

Received a flock of old Avalanches from you the other day and was sure glad to get them. We have returned from the trouble zone and we are laying at Canton now. We expect to go down to Hongkong Sunday morning and will probably stay there for two or three days and then come back up here. I'm still working or passing time away at yoman work and spend most of my so-called working hours hammering the typewriter. I spend most of my spare time studying shorthand and I may be qualified for a stenographic position when I get paid off. There is no chance for me to get a higher rating for a few months as I cannot go any higher until I have at least sixteen months in the naval service and I've only got a little over a year now. I will probably just be marking time for the next three months and then be advanced to yeoman third class.

I got a great kick out of reading the papers you sent and although I had quite a little work to do the day they came in I immediately quit work for the day and tried to catch up with a little news. Whenever state-side mail comes in everybody gets a great kick out of reading the papers you sent and although I had quite a little work to do the day they came in I immediately quit work for the day and tried to catch up with a little news.

Whenever state-side mail comes in everybody gets a great kick out of reading the papers you sent and although I had quite a little work to do the day they came in I immediately quit work for the day and tried to catch up with a little news.

Whenever state-side mail comes in everybody gets a great kick out of reading the papers you sent and although I had quite a little work to do the day they came in I immediately quit work for the day and tried to catch up with a little news.

MAKE DIPHTHERIA AN ANCIENT HISTORY IN MICHIGAN

The Cause

Diphtheria is an acute communicable disease caused by certain bacilli which live best in the throats of children. The bacilli form a powerful toxin or poison, which destroys certain tissues of the body.

The tissues most readily affected are the nerves, the heart and the glands, as well as the throat. The effect of this toxin is temporary or permanent damage to the heart muscle, temporary paralysis of the limbs or soft palate and serious infections of the glands and sinuses. Eight per cent of all diphtheria cases die, and of those who recover, many live the rest of their lives with a damaged heart or other vital organs.

The Cure
Diphtheria occurred in ninety-nine per cent of cases where the antitoxin is used in addition to dosage during the first twenty-four hours of the sore throat stage of the disease. The percentage of children who lose their lives to diphtheria is reduced directly by the use of antitoxin and the adequacy of the administration of the antitoxin.

The Prevention
Antitoxin when given to well children will prevent them from contracting diphtheria for a period of from three to six weeks. Toxin-antitoxin, however, will prevent the occurrence of diphtheria for at least five years in all people and this immunity will last for the lifetime of many. Toxin-antitoxin is administered by a physician in three doses at intervals of one week. One series of three doses is sufficient to immunize eighty per cent of all children. Some children who have a very low resisting power against diphtheria will require a second series of three additional doses.

The Test
The Schick Test has been devised to determine definitely whether a child is susceptible to diphtheria and would contract it if exposed, or whether he is immune. Nearly all children under school age are susceptible to diphtheria after they are past six months of age.

What To Do About It
All children between the ages of six months and sixteen years should be given one series of three doses of toxin-antitoxin. Not less than six months and not more than one year later they should be given the Schick Test. This will tell which of the children need the second series. The second series of doses should then be given to the few who will be found to need it.

For The Parents
Toxin-antitoxin prevents diphtheria. Take your children to your physician and have them immunized. Be free from the worry of quarantine breakers, diphtheria in your schools, and mild cases of diphtheria masquerading as sore throat.

BE WISE—IMMUNIZE

MARION SHAW.

MASONIC MEETING
The most important meeting of the year, Thursday, Dec. 5th., at 7:30 o'clock p. m. Election of officers, reports and other important business. W. W. LEWIS, Sec.

FIRST TO BUY CHRISTMAS SEAL

Miss Margaret Nielson, Grayling, and Mr. Louis Kessler, Grayling, win the honor of being the first 1929 buyers of Christmas seals in Crawford county, a report on the first week's purchases of seals prepared by the Michigan Tuberculosis Association.

The Michigan Tuberculosis Association is now in the midst of its annual campaign for the Christmas seal campaign in Michigan. Calling the sale to the attention of residents of the state, Governor Green gave it his endorsement in the following words:

"It is most fitting that all citizens of Michigan should at this season of the year give thought to those of our number who have the misfortune to be afflicted with tuberculosis, and that we should accept the opportunity afforded through the sale of Christmas seals to support the organized campaign against this dreaded disease."

"I would urge that universal support be given the Christmas seal fund campaigns of the Michigan Tuberculosis Association and the various local tuberculosis societies in order that their efforts for better health may be continued and expanded."

The five local persons to whom seals were delivered this week by airplane are as follows: Mr. George L. Alexander, Mr. Dan Babbitt, Mr. E. Buckley, Mrs. Ellen Failing, and Mrs. R. Hanson.

TRUST
Nobody can make progress with deceit in his heart. The way to win people to trust is to trust them. If there's a job to be done, do it. But whatever you do, hear the other fellow's side and trust him. Show him that you trust him and in no time at all, he'll trust you. Then will follow achievement.—Chas. Gates Dawes.

NOTICE
The tax roll will be in my hands on December 10th when I will begin collecting the winter tax. It will be located at the Registrar of Deeds office in the Court House on Tuesdays, Thursdays and Saturdays from 8:00 to 11:00 a. m. and 1:00 to 5:00 p. m., and on Saturday evenings until 9:00 o'clock.

CARL JENSON,
Township Treas.

CORWIN GARAGE ABOUT FINISHED

BUILT AND EQUIPPED ON MODERN LINES

Corwin Auto Sales may well feel proud of their fine, new garage and showrooms that are just about finished. Only the placing of the plate glass front door and the transferring of the gas pumps from next to the sidewalks to the covered entrance saving remain to be done to complete the structure with exception of a possible few minor things.

The building is of cement blocks with fine brown brick front covering an area of 60 x 60 feet, making it the largest garage in Grayling. The front space is to be occupied for offices and show rooms. The entire front part is enclosed with plate glass windows six feet in height and forty feet in length. Above these are prism transom glass that emit a flood of light to the interior of the offices and show rooms, and add attractiveness to the building.

At the left side is an elevating door that admits cars to the storage and work rooms. This driveway passes through the entire length of the building to a rear door, making it convenient for cars to enter or leave at all times.

Another door at the front admits persons to the offices. These are as yet not finished but when done will be attractive, comfortable, and convenient. One door from the office admits to the storeroom and another to the glass showroom, which will be used for display of the Hudson-Exxon line of cars.

The storage room and the repair department are located all in one large room. The roof is arched and so constructed that beneath there is no support required, thus the floor space is free from any posts or supports.

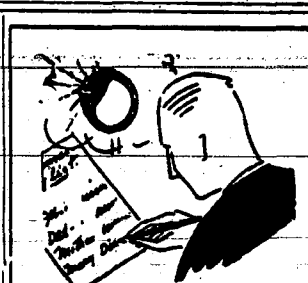

The latest conveniences for garages have been installed in the structure. A hydraulic lift is used in cases where oil is drained or cars are greased or repaired or when it is necessary to work beneath them. This lift is flush with the floor and all that is necessary is for cars to drive upon it. Air pressure slowly raises the car to the required height. The turning of a valve either raises it or slowly lowers it, as desired. It does away with drain pits that take up valuable space and lack the convenience of the hydraulic lift.

The repair department is in charge of Menno Corwin, the junior member of the firm. This occupies the right rear corner of the building. In one end of the garage is the car-washing department. The glass and ends are almost entirely of glass and emit fine light through the interior.

The place is well lighted by twenty large reflector lights dropped from the ceiling. In the basement there is the latest type of American Radiator Co. steam boiler—The Red Flash, operating in connection with a Venturina steam blower system. There are seven units that blow warm air into the building at all times, keeping the place at an even temperature and the rooms well ventilated.

The members of the firm of Corwin Auto Sales are: Neils Corwin, Chris Hoelsi and Menno Corwin. These men are to be congratulated upon their enterprise and are deserving of the success that seems to be theirs.

WOMAN'S CLUB NOTES
The program presented to the Woman's Club at the home of Mrs. Thana Cushman was made up of three interesting numbers. In a talk entitled "Civic Problems," Miss Anderson, a guest, related some of the work of the State Federation of Clubs in promoting backward towns in Michigan. Mrs. Marjorie McNamara read an exceptionally fine paper about "Edgar Guest," Michigan's poet, and the meeting was concluded with a sort of question-box on parliamentary rules which was conducted by Mrs. Gertrude Peterson.

HIGH SCHOOL TEAMS WIN OPENERS

The basket ball season opened here last Wednesday night with the High School playing the Alumni, and the High School girls playing the freshman team from among the high school. The high school girls won by a score of 12 to 10. The High school boys also held up their end by defeating the Alumni by a score of 19 to 6.

The high school boys rang up a basket in the first few seconds of the game and seemed to hold their opponents at a disadvantage throughout the game. The first quarter ended with the H.S. 6 to the Alumni 2. The second quarter showed a gain of four for the H.S. and only one for the Alumni. The third quarter ended 12 to 4 and the final quarter 19 to 6.

The result of the boys game was quite a surprise to almost everyone except Coach Cushman and his players. They felt confident of victory, while the Alumni were boasting of what they would do to the High school. Among the players on the alumni team were Brady, Wylie, Neal, Fenton, Stinchcomb, all regulars on last year's crack high school team. Stephan, Robertson, and Henry and Wesley LaGrow were also on the team. Coach Cushman worked a long string of players, too numerous to mention, and they put up a fine brand of basket ball.

Considering this was the first game of the season for the girls and also that they had been doing practice, the high school played a snappy game. With Margaret Warren as jumping center, and Mary Esther Schumann as side center in almost every play getting her tip-off, it was an easy matter to get the ball to the forward—Gay Malsen and Clara Bugby. Mary Mahneke and Helen Lietz guarded the opponent's baskets and did their share in keeping down the score.

The image of an "unknown god" has been found in the excavations at Gergenti, in Cilicia.

YOUR CHRISTMAS SHOPPING

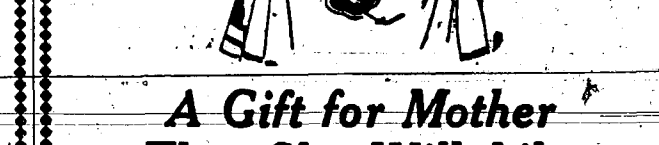

We go into the holiday season of the year with the usual injunction, "Do Your Christmas Shopping Early." In spite of its repetition many of us will wait until the closing hours to rush out and fill the family list at depleted counters.

But whether early or late there is one thing we can do—buy our gifts from the home merchant. If there ever was a time when we needed to remain loyal to home institutions that time is right now.

During years of high flown prosperity we have tried to delude ourselves with the mistaken idea that we couldn't get just what we wanted outside the big city stores. We know that wasn't the truth, but it gave us an excuse to journey to the big town and shop along its mercantile lanes.

And in almost every instance we wished we had remained at home. In the confusion of these big shopping centers we were persuaded to buy a lot of things that looked foolish as soon as they were spread out on the living room table at the old homestead. We knew we had cheated ourselves, as well as the home town merchant who had tried to anticipate our wants by filling his shelves with sensible and practical gifts.

Let's not disappoint him this season. Whatever prosperity there is for us in this community, let us resolve to share it with each other. We cannot hope to progress on any plan that does not include every citizen and business enterprise within its scope. We may not buy as much this year as in previous years, but if we buy it at home the volume of sales will be as large as in some seasons when a large portion of our Christmas trading went to outside concerns.

A Gift for Mother That She Will Like
A gift for mother that will provide her assistance each week in doing her washing and ironing, almost without effort on her part, is a gift she will surely appreciate. Inspect our showing of WASHERS and IRONERS—the effortless way to do home laundry work.

Gifts that will please

Perfumes and cosmetics in dainty gift sets, bottles of cut or fancy glass—ideal for gift giving and always certain to please those who receive them on Christmas morning. Take the time to inspect our stocks when shopping for gifts.

al ounce or fraction thereof.
Second class—Newspapers, magazines, and other periodicals containing notice of second-class entry, 1 cent for each 2 ounces or fraction thereof, regardless of weight or distance.
Third class (limit, 8 ounces)—Circulars and other miscellaneous printed matter, also merchandise, 1 1/2 cents for each 2 ounces; books (including catalogues) of 24 pages or more, seeds, cuttings, bulbs, roots, acorns, and plants, 1 cent for each 2 ounces; bulk lots of identical pieces of third-class matter may be mailed at special rates under conditions which may be ascertained from the postmaster.
Fourth class (over 8 ounces)—Merchandise, books, printed matter, and all other mailable matter not in first or second class.

Zone—First—Additional pounds
Cents
Local—7 1 cent each 2 pounds
1 and 2 7 1 cent each pound
3 8 2 cents each pound
4 8 4 cents each pound
5 9 6 cents each pound
6 10 8 cents each pound
7 12 10 cents each pound
8 12 12 cents each pound
Addresses—Address all matter plainly and completely in ink, giving street address or box or rural route number whenever possible. Place sender's return card in upper left corner of address side. Tapes should not be used unless necessary, in which case a copy of the address and return card should be placed inside the parcel for identification if tag is lost.
Packing and wrapping—Pack articles carefully in strong, durable containers. Wrap parcels securely, but do not seal them unless necessary, in which case a copy of the address and return card should be placed inside the parcel for identification if tag is lost.
Contents—Merchandise. Postmaster: This parcel may be opened for postal inspection if necessary, together with printed name and address of sender, as sealed parcels not so labeled or indorsed in printing are subject to postage at the letter rate.
Limit of weight and size—Parcels may not exceed 84 inches in length and girth combined nor weigh more than 70 pounds for delivery within the first, second, or third zone, or 100 pounds in any other zone.
Permissible additions and inclosures—Parcels may be marked "Do not open until Christmas," this being permitted in order to encourage early mailing.
Greetings—Greetings, such as "Merry Christmas," "Happy New Year," with best wishes, and names, numbers, or symbols, for the purpose of description may be inclosed with third or fourth class (parcel-post) mail. Books may bear simple dedicatory inscriptions not of a personal nature. Other written additions subject to letter postage.
Do not inclose letters in parcels, as doing so would subject entire parcel to letter postage. Communications prepaid at the first-class rate may be sent with parcels prepaid at the third or fourth class rate by securely attaching the envelopes containing the letters or other written matter to the outside of the parcels. (See art. 55, P. 14, July, 1929, Postal Guide.)
Seals—Christmas seals or stickers should not be placed on the address side of mail.
Special handling—Fourth-class matter only. Parcels of fourth-class matter indorsed "Special handling" will be given the expeditious handling and transportation accorded first-class mail (but not special delivery) upon payment, in addition to the regular postage, of the following cents:
Up to 2 pounds 10
Over 2 pounds up to 10 pounds 15
Over 10 pounds 20
Special-Delivery Fees

1st and 2nd, or 3rd class 10c
4th class 15c
Up to 2 pounds 10c
Over 2 pounds up to 10 pounds 15c
Over 10 pounds 20c
The postage of the foregoing fee on second, third, or fourth-class mail includes it to the same expedited handling and transportation as is accorded first-class matter, and also entitles it to special delivery at the office of address.
Insurance—Valuable parcels should be insured. The fees are: For parcel valued not over \$5, 5 cents; not over \$25, 8 cents; not over \$50, 10 cents; not over \$100, 25 cents. Return receipts 8 cents extra. All in addition to the regular postage.

I MARRIED A BOW

When I was asked me to write a few paragraphs on matrimony to help fill space, there came to my mind the scene of a reluctant and very small boy in a new checked suit being picked up by a kindly Sunday School superintendent many years ago and placed on an elevated platform and told to make a bow and speak up loud so all the folks could hear his "piece"—which ran, as I remember it after this lapse of time, something like this:

"You'd scarce expect one of my age to speak in public on the stage. So if I chance to fall below Demosthenes or Cicero, Don't view me with a critic's eye. But pass my imperfections by—there may have been more of it but that is all I remember, and if the readers of the Avalanche will be as lenient with me as was my audience at that time I'll try not to get 'stage fright.'"

WHEN THE SPIRIT MOVES

I asked him what I should write about and how often, and he replied: "About any old thing, and whenever the spirit moves you." Now please do not misunderstand that word "spirit"—the editor was not contending any violation of the Volstead law (although I will confess to having recently purchased a jug of sweet cider from Francis McKeown), but was merely giving me to understand that the time and topics of my literary efforts and flights of fancy were to be unhampered.

SO I WON'T GET KICKED

Some years ago while walking along the wharf at New Orleans, intently watching the river boats discharging their cargoes of cotton and taking on package freight for their trip up the Mississippi, I noticed one—the "Graveyard"—which was about ready to break off her line and start on her journey. The mate was standing on the shore end of the long bridge-like gangplank, passing out tickets to the negro stevedores whom he wished to take with him to unload the cargo at the plantation landings up the river. The craft seemed to be a popular one with the darkies and there was a rush for tickets that almost knocked the mate into the water and caused two policemen to come forward and engage in physical culture exercises with their clubs. After order was restored and the boat swung out from the wharf, the reason of her popularity was learned from the remark of a husky young negro who had failed to get one of the coveted tickets: "I lak to work on dat boat 'I do—don't have do nuthin' but keep out de way to 'you won't get kicked—he, he.' If my efforts do not always seem worth while, or if I should inadvertently 'rub some fur the wrong way,' I will try at least to 'keep out de way so I won't get kicked.'"

BELIEVE IT OR NOT

About two weeks ago the writer spent a few days down in Eaton County and ran across roses in bud and in blossom out-of-doors, a couple of local small game hunters who saw frogs and snakes meandering around in a swamp (these reptiles are usually first to seek winter quarters on approach of cold weather), and also while he was there they had three or four inches of snow although at that time there was none in northern Michigan. Now will some of the weather-wise tell us what kind of a winter we are going to have.

The writer might also add that shortly after the snowfall he saw two golfers meandering over the local links—but not being posted on the fine points of the Scottish sport, he could not say as to whether they were trying to make a "birdie," or were hunting jack-rabbits, but they carried the full paraphernalia of the game.

AID FOR VETERANS IS RED CROSS PLEDGE

Service and Ex-Service Men Are
Helped in All Problems.

Service to World War veterans in hospital, for able-bodied veterans, and for dependent families of both called for expenditures of \$785,000 by the American Red Cross during the year just ended. In addition, Red Cross Chapters spent \$1,985,000 in veteran relief, and also for men still in service.

Although eleven years have passed since the Armistice, there remain 25,500 disabled and sick veterans of the World War in hospitals, and the peak of the number who will require hospitalization is not expected by Veterans Bureau authorities to be reached until 1947. For these men, the Red Cross must continue its service of providing recreation and comfort, according to James L. Fieser, vice chairman of the Red Cross.

"Under its Charter from Congress, the Red Cross is required to maintain service for veterans of wars and for the men still in the service," Mr. Fieser said. "The funds for this work come from the annual roll call membership fees. In addition to the sum spent in maintaining contact with the veterans, the Red Cross expended \$398,000 in its service to the men still in the regular Army, Navy and Marine Corps. The society and a majority of its 2,500 chapters handle claims for these men for insurance, compensation and other benefits they are entitled to under the law, and also where necessary arrangements to provide for dependents of the men.

"Red Cross workers are maintained in forty-eight Veterans Bureau Hospitals, as well as in all regular Army and Navy hospitals, whose duty it is to supervise recreational facilities for the patients, and to provide small comforts. In the Army and Navy Hospitals, the workers also do social service for the patients. These tasks also are performed at all Army Posts and Navy Ports by Red Cross workers, and in addition Red Cross representatives to handle claims are established at the majority of Veterans Bureau regional offices."

Mr. Fieser urged that all citizens enroll in the Roll Call, from Armistice Day to Thanksgiving Day, November 11 to 28, in order to aid in supporting this work.

NEW CROPS IN FLOODED STATES BRING PROSPERITY

The introduction of new habits of planting, following the Mississippi Valley flood of 1927, has brought added prosperity to farmers in many of the Mississippi Delta counties, according to Red Cross officials.

Almost every cabin has a new vegetable garden, whereas cotton formerly grew right to the doorstep, the Red Cross states. The home demonstration and agricultural agents have followed up the project inaugurated by the Red Cross, immediately after the flood of 1927, with very gratifying success. There is a large acreage in corn, whereas formerly cotton was the one crop. Alfalfa has gained a firm foothold, and the growing of this crop is bringing good financial returns from the three or four cuttings each year. Live stock also is showing improvement due to these new crops.

Everything considered, the Delta sections which escaped a backwater problem in the Spring of 1929 are in a prosperous condition, as a result of the follow-up and rehabilitation by the American Red Cross.

RED CROSS HONOR FLAG GOES TO NEW HAMPSHIRE

The honor flag, given annually to the state which enrolls the greatest percentage of its population in membership of the American Red Cross, went this year to New Hampshire. The designation was so close between New Hampshire and Vermont that it hung in the balance for a time. California ranked third in the honor list and Connecticut fourth.

A final tabulation of figures of the 1929 Roll Call showed a nationwide membership of 4,127,545. The banner rests with New Hampshire, where it is hung in the State House, until the 1929 Roll Call held between Armistice Day and Thanksgiving Day is completed and new figures available for the 1929 winner.

FIVE RED CROSS CAMPS HOUSE FLOOD REFUGEES

A total of 27,791 persons were maintained by the American Red Cross in camps or in their own homes in the three States of Alabama, Georgia and Florida, following the disastrous floods of early last Spring. Five camps were organized, of which four were in Alabama and one in Florida. Small temporary camps were set up in various places in addition to these, but the persons not sheltered in the five main camps soon were able to return home or to friends and relatives. Red Cross nurses were at all five camps, assisting the State health authorities in care of the sick and in inoculating against epidemics.

ONE-TRACK THOTS

The Senate knows how to punish reporters. It just fixes it so they have to listen to senate speeches.

Maybe the brides of 1929 wouldn't hold their noses so high if they would take a second look at the brides of 1919.

Scientists have found germs increase their speed under a red light. Yes, and some of them are driving automobiles.

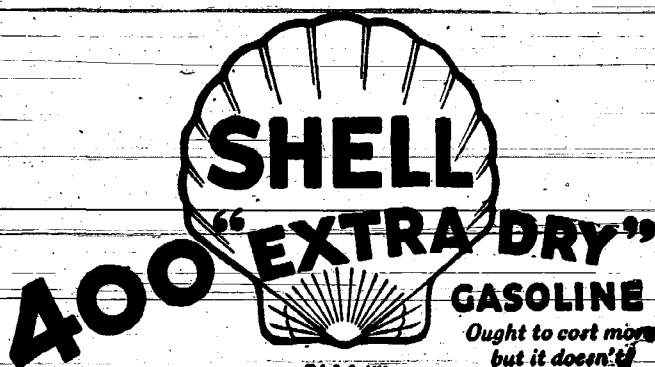

Starts with the starter

Always on its toes, Shell 400 "Extra Dry" Gasoline knows exactly what you mean when you step on the starter. It's all gasoline, and more... it's extra dry as only Shell knows how to make it. A volatile, sparkling motor fuel that sets a new standard of easy cold-weather starting. Refined to unusually strict specifications. It combines flashing power, eager get-away and unexpected mileage with amazing quick-starting quality. No wonder regular users say its performance equals that of many gasolines selling at a higher price.

STOP AT THE SIGN OF THE SHELL

Through the facilities of five great refineries, strategically located, Shell 400 "Extra Dry" is refined to specifications that meet the demands of different climates. That's why this motor fuel provides such uniformly fine performance everywhere... why it starts with the starter in Duluth as easily as in New Orleans.

"Konjola Only Medicine That Did Any Good"

Detroit Lady Suffered Nine Years
From Stomach Trouble—Then
New Medicine Scored

MRS. E. J. MOORE

"Konjola is the first and only medicine that ever did me any good," said Mrs. E. J. Moore, 1749 Vermont avenue, Detroit. Nine years ago I began having trouble with my stomach and it steadily got worse as medicine after medicine failed to bring any relief. No matter what I ate, no how little, I had a heavy feeling in my stomach. Gas formed causing heart palpitations and fainting spells. "I was weak, rundown and in poor health generally when I found Konjola. But this wonderful medicine has changed everything. The very first bottle proved to me that I had, at last, found a real medicine. It took just three bottles to put an end to my trouble. I can eat what I please and it digests, too. I have gained much in strength and energy, and certainly am enjoying my good health."

Konjola is old in Grayling at the Mac & Gidley drug store, and by all the best druggists in all towns throughout this entire section.

Knowledge of X-rays goes back to 1895.

DIPPING INTO SCIENCE

What Is a Calory?

When the term calory is applied to food it applies to the fuel or heat value. A calory, in its broader sense, is the unit applied in measuring heat quantities, a calory being the heat required to raise one kilogram of water one degree (centigrade) in heat. This is equal to the heat required to raise one pound of water four degrees, Fahrenheit.

(© 1929, Western Newspaper Union.)

THINGS WORTH KNOWING

Much of the petty trade of rural Mexico is still done by barter. "Give me an egg's worth of salt and candles," a woman will tell a grocer.

The Chinese peanut crop traces its history back to four quarts of American peanuts carried to China thirty-five years ago by a missionary.

Development of South American roads has made it possible to drive from Rio de Janeiro to Montevideo, a distance of 1,200 miles.

On foggy days 4,000 more automobiles travel through the Holland tubes into New York than on sunny days.

An improved type of air inductor compass, for use in airplanes, has been designed at the United States bureau of standards.

The chief fur-bearing animals raised in the United States are the muskrat, skunk, opossum and raccoon.

Indians of New Mexico in pre-historic times suffered from toothache and pyorrhea, studies of their teeth reveal.

A weather observation station on the east coast of Greenland would make it possible to broadcast warnings of storms originating in that part of the north.

OUR SHARE OF THE LAND

Michigan hastens to accept her portion of President Hoover's challenge to a threatened industrial depression, by assuring the chief executive we will take up place with that of other commonwealths in promoting private and public projects most likely to ring the cash registers of the nation.

Governor Green in a message to the president informs him that the state institutional building and highway programs, set for next year, will be carried forward with every possible expediency.

The governor is in turn reassured by the heads of every important city in Michigan that all local enterprises will be given immediate consideration. Private institutions are also ready to join with this public movement in pushing poverty into the discard and sending the wolves of hunger into the wilderness of unemployment.

VILLAGE COUNCIL PROCEEDINGS

Meeting held on the 4th day of November A. D. 1929, Grayling, Mich. Meeting called to order by President C. W. Olsen.

Trustees present: Thomas Cassidy, A. L. Roberts, Emil Giegling, E. G. Shaw, A. J. Joseph and Walter Nadeau.

Minutes of last meeting read and approved.

DIPPING INTO SCIENCE

Burning a Diamond

A diamond, if intensely heated in a vacuum, expands or swells and turns into black charcoal. If intensely heated while in the air, the diamond will disappear as carbonic acid gas. This seems to indicate that they were formed in the earth from carbon, and subjected to great heat and pressure.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, December 6, 1906

Mrs. M. A. Bates visited at Saginaw and Alma last week and Kate came home with her to eat turkey with the postmaster.

M. Dupree was brought in from his cedar swamp, on the Merz Branch, suffering from a severe attack of chills and fever.

About three inches of snow on the ground Monday morning. The hunters are glad that it did not come two weeks sooner.

Miss Esther Kraus who has been with her sister, Frances in her new home at Saginaw for the past six weeks, returned last Saturday on the flyer.

The Dowell Factory which had been out of logs nearly a month for want of cars, received a small lot Saturday evening, and started up in full Monday afternoon.

Otto McIntyre with his uncle, Martin Johnson of Leslie, were among our lucky hunters. They got their two deer and had a good rest and a world of sport besides.

Harry Johnson and wife and babies and Joe Malenfant and wife and baby were all home at Grandpa Robinson's for Thanksgiving. The girls stayed for a visit this week and let the boys go back to their work.

Miss Wilma Failing was the hostess of a number of girls and boys last Saturday, it being her birthday. Mrs. Failing made it interesting for the children. They played games and had a good time. Come again girls.

Mr. and Mrs. H. C. Holbrook, with Mrs. May B. Stewart and the baby took their turkey with them to Cedar at his farm home in the south part of town, the ladies remaining for a couple of days visit with other members of the family who were present.

Messrs. Hansons and Michelson returned from the "Sunny South" last week, glad to be at home in the "Best Town" in the "Best State" where they would not freeze to death, as they came near doing in the damp cold of Florida. They had an immensely interesting trip and saw a lot of country and a lot of timber, but nothing in which they cared to invest at present.

Mr. C. J. Hathaway, Grayling's well known jeweler and optician, quietly slipped away one day last week, and returned Wednesday morning with his bride. Mrs. Hathaway was formerly Miss Mable Ivory of Lake Orion and was one of Orion's promising school mams, and a niece of Mrs. Bandmaster Clark. What is Orion's loss is Grayling's gain. We all join in good wishes and congratulations and etc.

Albert Porter, of Pittabawsee township, Saginaw county, who lives doesn't bring quick improvement. Two and one-half miles southeast of Cystex today. Only 60. Mac & Gio Freeland, recently sank a drive well ley, druggists.

on a sandy location on his farm. The water which was secured was black and unfit for use. Mr. Porter took a sample of the substance which floated on the surface to Chemist Heine of Saginaw, who pronounced it to be crude oil, and later confirmed his judgment by analysis. Considerable excitement exists in the neighborhood over the discovery, and Mr. Porter has received several flattering offers for his property. Saginaw capitalists are considering the formation of a stock company to explore the newly found oil field.

Dr. Underhill of Lovells made a business trip to Detroit last week.

B. J. Wakeley, a brother of Thos. Wakeley, and a former resident here, died at his home in Pa., last week.

Sleepy Hollow Happenings

Dick Babbitt and Billy Christman were guests at the Boddy home Sunday.

Mr. Frank Ingerson contemplates working for Chris Hoesli for some time.

Doe Ingerson and Ange Babbitt called at the home of Al. Boddy Sunday. They came from Grayling and were enroute for Stevensville.

Misses Smith and Boddy observed Thanksgiving day by enjoying their first hunt. They started out about ten o'clock with a gun and plenty of ammunition and didn't return until three, with their pockets full of red squirrels and 4 cartridges which they were unable to get rid of. They're going again.

Johannesburg Jottings

Snow! Snow! Snow!!

Rev. Irrie and family ate turkey at the home of S. S. Claggett.

A baby girl arrived at the home of Mr. and Mrs. Radke last Saturday. No wonder the land plays better.

Mr. and Mrs. Michelson and Master Louis, spent Thanksgiving at the home of N. Michelson at Grayling.

Fred Rasmussen came home for Thanksgiving.

Dan Moshier has returned from Ohio, Mich., and a certain girl looks pleased.

Women Suffering Bladder Irritation

If functional Bladder Irritation disturbs your sleep, or causes burning or itching sensation, Backache, Leg Pains, or muscular aches, making you feel tired, depressed, and discouraged, why not try the Cystex 4 Hour Test? Don't give up. Give Cystex today. Put it to the test. See for yourself how quickly it works and what it does. Money back if it doesn't bring quick improvement. Two and one-half miles southeast of Cystex today. Only 60. Mac & Gio Freeland, recently sank a drive well ley, druggists.

Seals Delivered By Air

Michigan school children who each December join in the campaign to sell tuberculosis Christmas seals were given the unusual experience this year of having a quantity of their seals "delivered" by the plane pictured above. Seals were delivered by Elliot Ford, Bott and a representative of the Michigan Tuberculosis Association to more than 60 towns in the course of a three-day, 1,500-mile trip shortly after the opening of the seal sale on Thanksgiving Day.

The airship, displaying the double-barred cross, symbol of the crusade against tuberculosis, made one trip to the Thumb region, a second to the northern part of the Lower Peninsula, and a third to the southern portion of the state. The pilot's services and use of the plane were donated by the Foster Airways Corporation as the company's contribution to the 1929 Christmas seal sale.

Since greatest emphasis is now being placed on prevention of tuberculosis through health work among children, their enlistment in the seal selling army is held to be one of the most worthwhile effects of the annual Christmas seal sale.

TOWARDS THE KNIGHTS

President Herbert Hoover, backed by the leading business men of the nation, will succeed in restoring full time prosperity to this country.

As in every great crisis there appears a heaven-sent man for the hour. He is with us already, and President Hoover will go down in history as the greatest peace executive of all time.

Around his administration historians will weave thrilling stories of victory, not those of war, but glorious battles waged and won for humanity.

This country is rich—the richest the world has ever known. More equally distributed there is plenty for everybody and billions more to be added to this enormous wealth.

American capital will not fail the President in this peace-time movement. Funds for gigantic international movements will be released; wages will not be lowered, and gradually the long ascent to the heights of prosperity will be begun.

PAIN

WHY HAVE RHEUMATISM AND NEURITIS PAIN?

"BONKURA relieved me of my rheumatic and neuritis pain quickly," Mrs. J. M. Lenon, Frankfort, Ind.

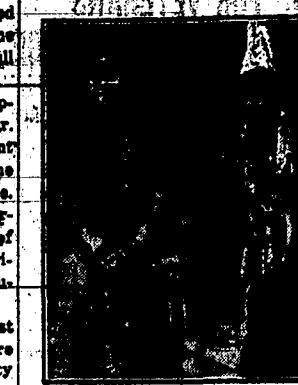

In most cases rheumatism and neuritis is caused from constipation, indigestion, gas on stomach, etc. If you take the latest scientific developed medicine, BONKURA, you will not only be relieved of these ailments completely, but also overcome your rheumatic and neuritis pains. Why suffer? When everything has failed, BONKURA is sold and guaranteed by: Mac & Gidley, druggists.

PRESIDENT ENROLLS IN RED CROSS

President Hoover, who is also president of the American Red Cross, enrolls in the annual Roll Call of the society, which occurs from Armistice Day to Thanksgiving Day, November 11 to 28.

Indian Meets Indian

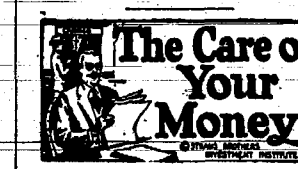

When Princess Watassa, the Indian health teacher of the Michigan Tuberculosis Association, visited the orphanage for Indian children at Baraga, she was given a royal welcome by the youngsters, who dressed themselves in tribal costumes for the occasion. Her legendary Indian tales, needless to say, were listened to with more than usual interest by the one hundred children who live at the orphanage.

Princess Watassa entertains children with her stories, dolls, and trinkets, but she also instructs them. That her health lessons are remembered and followed is shown by the following note from one of her listeners:

"I am trying to follow your health rules so I may be a strong, healthy girl. I am 28 pounds underweight. I sleep at night with my window open. I eat vegetables two times a day. I do not play out of doors much, but I have since you talked to our school. You have helped me and not only me but every boy and girl of our school."

From January 1 to November 15 of this year, Watassa appeared before more than 90,000 grade and high school children. Funds raised in the sale of tuberculosis Christmas seals finance her expenses.

HOW TO JUDGE A SOUND REAL ESTATE BOND

Naturally some Real Estate bonds are better than others, just as there are superior Municipal, Public Utility and Railroad bonds. It's a matter of knowing how to select the surest and most profitable securities.

First, Strains Brothers Investment Institute suggests that you assure yourself of the responsibility, reputation, and integrity of the issuing house. If the company underwriting the bonds is thoroughly reliable—having demonstrated its honesty and capability over a period of years of specialization in the mortgage field—the securities offered should be safe, sound, and profitable.

Such houses of issue stand behind their loans and exercise the greatest care in the making of the bonds. First they convince themselves that the building project they are financing is economically justifiable. To this extent the plans and specifications are carefully examined by engineers, and the ground values are conservatively appraised by experts.

After the conclusion is reached that the project is economically sound, the following safeguards must be assured:

That the building is located in a prosperous section of the city where a demand exists for it;

That the proportion of the bond issue is fair and conservative in comparison with the valuation of the property;

That it will earn sufficient to cover all payments of interest and principal with a good surplus over to protect bondholders;

And that the borrowers are financially responsible and of good moral character.

Safe Real Estate bonds are those that are issued on what is known as a "serial amortization" plan. Under this system the borrower makes yearly payments of principal. By this means holders of bonds who are paid off last have the security behind their bonds constantly increased. The object is accomplished by having the bonds mature serially; that is, some of them are paid within two or three years, others are paid in four years, others in five, and so on throughout the length of the loan. The investor also finds it to his advantage to be able to get bonds maturing at a time when he expects to want his money returned.

STATE OF MICHIGAN

The Probate Court for the County of Crawford.

At a session of said court, held at the Probate Office in the Village of Grayling in said County, on the 21st day of November, A. D. 1929.

Present: Hon. George Sorenson, Judge of Probate.

In the matter of the estate of Joseph Sullivan, deceased.

Thomas Cassidy, administrator of said estate, having filed in said court his final administration account, and his petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate, to the heirs and lawful heirs.

It is ordered, that the 30th day of December, A. D. 1929, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for examining and allowing said account and hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Crawford Avalanche, a newspaper printed and circulated in said county.

GEORGE SORENSON, Judge of Probate.

A true copy. George Sorenson, Judge of Probate.

Olson's SHOE STORE

Local Happenings

THURSDAY, DECEMBER 5, 1935

We sell first quality, guaranteed rubber footwear at Olsons. Rev. and Mrs. Greenwood and little daughter Madeline were in Gaylord Monday.

Mrs. Kathryn Price is assisting at Cooley's Gift Shop during the sale at the Cooley & Cooley Store. Boys and girls, come down to the Hanson Hardware Co. We have a full line of toys.

The ladies of St. Mary's Altar society are spending this afternoon at the home of Henry Bousson.

Mrs. Peter Jensen and family and Price Spoor of Milford spent a Friday at the Maurice Gorman home.

Watch your door for the large toy sheets that you will get next week from the Hanson Hardware Co.

Mr. and Mrs. E. J. Anderson and son spent Friday, Saturday and Sunday at their home in Indian River.

Mr. and Mrs. A. J. Joseph and family spent Thanksgiving in Gaylord and were guests of Mr. and Mrs. Frank Rockwell.

B. Anderson of Westhope, North Dakota, father of Mrs. J. W. Greenwood is visiting at the Greenwood home.

Don't forget the bake sale at the N. Schlotz grocery store given by St. Mary's Altar Society.

Dr. and Mrs. Keyport and daughter Miss Lane left for Detroit Tuesday afternoon to be gone the remainder of the week.

Miss Vera Schofield of Jackson arrived home Tuesday to visit a few days with her parents, Mr. and Mrs. Daniel Schofield.

Mrs. Oscar Douglas and son of Lovells are here spending a few weeks with the former's parents, Mr. and Mrs. Alonzo Colleen.

Mrs. Malcolm McLeod of Birchwood Lodge is leaving this week to spend the winter in Lansing and also expects to visit in Detroit.

Mr. Lawrence Eskildsen, manager of the Michigan Sugar Co. of Bay City was a guest at the J. W. Greenwood home over the week end.

Howard and Harold Schmidt and their brother Frank and his wife motors to Flint Tuesday, the former two returning the same day.

Mr. and Mrs. Robert Reegan and daughter Miss Elaine were in Bay City for a family party on Thanksgiving day. They returned Saturday.

Mr. Alfred Hanson, Mrs. Helen Corwin and Misses Iva McKay and Faye Matheson were in Roscommon last night to a chicken supper.

Get your baked goods for Sunday at the bake sale by St. Mary's Altar Society at the N. Schlotz grocery store, Saturday afternoon, Dec. 7.

Mr. and Mrs. E. J. Anderson and granddaughter Audrey Hewitt returned to Lansing Monday after a two weeks visit at the home of Mr. and Mrs. George Schaible.

Miss Grace Nelson entertained a number of young ladies at her home last Tuesday evening in which a bridge club was organized. A delicious lunch was served.

Mrs. Clarence Brown arrived yesterday to spend the remainder of the week at the home of Mr. and Mrs. Peter Brown. Mr. Brown will come to be here for the week end.

The Woman's Home Missionary society will hold a regular meeting at the home of Mrs. Christian Hoeft next Wednesday, December 11. Mrs. Hoeft will be assisted by Mrs. Axel Peterson.

Miss Corinne Sheldon of Grand Rapids spent the week end at the home of her parents, Mr. and Mrs. George Sheldon. Miss Corinne is attending the Davenport-McLaughlin Institute.

Mr. and Mrs. Charles McCullough, who left the fore part of last week to spend the winter in the east were forced to remain in Detroit owing to Mrs. McCullough having taken serious ill.

Gaylie Brown left for Memphis, Tenn., Saturday after spending Thanksgiving with his parents, Mr. and Mrs. Andrew Brown. He was accompanied by his brother Roy as far as Bay City.

Mr. and Mrs. John Goss, Mr. and Mrs. Oscar Goss and son Leslie of Fenton were guests at the home of Mrs. O. Goss' parents, Mr. and Mrs. Peter Lovely over Thanksgiving.

There will be a meeting of the Hospital Aid society at the home of Mrs. Thomas Cassidy next Thursday, December 12. Mrs. Cassidy will be assisted by Mrs. Frank Tetu and Mrs. Roy Barber.

Miss Coletta Smith of Lansing was the guest of her sister, Mrs. Frank Tetu Thanksgiving day. Miss Smith came with her parents, Mr. and Mrs. Frank Smith of West Branch, expect to leave on December 10th to spend the winter in Florida.

Andrew Hart, register of deeds, says he thrives very well on one meal a day. He says he eats no breakfast nor supper but dinner at noon. He seems to be well fed at that. Five or six hours between meals seems like a long time to most people, but twelve hour intervals—good night!

Miss Agnes Hanson spent Thanksgiving day at the home of her parents and had as her guest Howard McKenzie of Pontiac. They were accompanied by Mrs. Alfred Hanson who had been visiting in that city.

Mrs. Ben Landsberg of Inkster attended the local Christmas bazaar. Mrs. Gottlieb Roy of West Branch, Mrs. Roy's death was caused from injuries which she had received in an auto accident while in Detroit some time ago.

Deputy Earl Dutton arrested F. C. Scheerer and Floyd F. Squire last Saturday for killing a doe deer and each pleaded guilty before Judge T. O. Cassidy and each paid fines of \$50.00 and \$11.00 costs. The guns belonging to the men were confiscated. That makes the shooting of the doe deer a pretty expensive piece of sport. The deer shot by the Conservation department at Lansing.

To the many Grayling people who were so disappointed when it was learned there would be no Charity ball this year, the announcement that the Grayling Nurses Alumnae association will give a Mid-Winter Frolic will be glad news. It will take place on New Year's Eve at the High School gymnasium and the young ladies have secured the Varsity Vagabonds of Bay City to furnish the music. Tickets are on sale at \$1.50 per couple, to buy early. The affair will be held at the Grayling Hospital just at the Charity ball has been for years that was given by Mercy Hospital Aid society.

Any young woman or girl would appreciate a pair of hightop shoes for Xmas. \$5.50 to \$12.00 at Olsons.

Steve, Loyd and Lyle Jennings left for Detroit Sunday morning. B. A. Cooley was in Saginaw a couple of days last week on business. We have things that make Xmas shopping easy, at the Hanson Hardware Co.

One pair of our heavy rubbers last all winter, for men and boys at Olsons.

Russel Robertson of Bay City spent Thanksgiving with his mother, Mrs. Peter Robertson.

Mr. and Mrs. Jeff McKinnon and daughters of Gaylord called on Grayling friends Sunday.

Miss Dorothy Hoelsi spent her Thanksgiving vacation at Camp Swas-tika down the river.

There will be a bake sale Saturday, Dec. 7, by the ladies of St. Mary's Altar Society at the N. Schlotz grocery store.

Regular meeting of Woman's Auxiliary of the American Legion will be held at the hall next Tuesday evening, Dec. 10th.

Charles Wylie, who is employed at the A. & P. Store in Gaylord, spent Thanksgiving with his parents, Mr. and Mrs. Scott Wylie.

Mr. and Mrs. Ernest O'Brien spent Thanksgiving with relatives and friends in Lansing and Leslie. They returned home Saturday afternoon.

Francis Brady of Detroit was here from Wednesday until Sunday spending his Thanksgiving vacation with his parents, Mr. and Mrs. John Brady.

Emerson Corwin of Northville, a former pupil of the Grayling school, spent two weeks at the Charles Corwin home during deer-hunting season.

Get your wife or daughter a pair of hightops for Xmas at Olsons.

Nice things to eat is what everyone likes. These can be had at the bake sale to be given by St. Mary's Altar Society at the N. Schlotz grocery store Saturday afternoon, Dec. 7.

Mr. and Mrs. George Biggs motored to Durand Wednesday to spend Thanksgiving with their daughter, Mrs. Forest, returning Sunday afternoon.

A special meeting of St. Mary's Altar Society was held at the parsonage Tuesday afternoon to arrange for the children's annual Christmas party.

Mr. and Mrs. Carl Parsons and daughter Betty Doran spent the week end visiting Mrs. Parsons' parents, Mr. and Mrs. Ernest Habbitt at the Rainbow Club.

Mr. and Mrs. J. F. Payne and sons John and James of Detroit, and Mrs. Wanda of Charlevoix were guests Friday of Mr. and Mrs. John Brady and family.

Alfred Hermann returned to Lansing Sunday after spending Thanksgiving with his family who are visiting Mrs. Hermann's parents, Mr. and Mrs. M. A. Bates.

Justice Hans Petersen reports the marriage of Chester L. Brand to Miss Vera Turner, November 19th. The witnesses were Margaret Denewitt and James Banfield.

Mr. and Mrs. Guy Bradley and three children of Pleasant Ridge were guest at the home of Mrs. Bradley's parents, Mr. and Mrs. Chas. Tromble from Thursday until Sunday.

Hofter Scott of Orionville and Ward Rugenstein of Oxford returned home Friday after 2 weeks spent at the home of Mr. and Mrs. Leo Jorgenson. While here they enjoyed deer hunting.

Mr. and Mrs. Chester McMahon and baby and Leslie McMahon of Detroit stopped in Grayling over Sunday to visit old friends while enroute to their home from a hunting trip in the upper peninsula.

Mrs. Sarah Jane Wallace, wife of Henry Wallace of Vanderbilt, passed away at the home of her son Elroy Brad Wallace, Monday, December 2, Mrs. Wallace was born in Canada and was 83 years old. The funeral was held in Vanderbilt Sunday.

Mr. and Mrs. Earl Hewitt enjoyed having as their guests over Thanksgiving the former's parents, Mr. and Mrs. C. M. Hewitt of Detroit. The Hewitts were former residents of Grayling and while here took time to call on their many old friends.

Friday night the first and second High School basketball teams of Standish will be here for games with the local High School teams. These are the first games with outside teams and no doubt will be good ones, and there should be a good attendance.

Dr. B. B. Howard was the first to appear on the streets with new 1935 auto license. His car had a Kentucky license and the Doctor said that he is now a resident of Michigan and wanted a Michigan license just as soon as he could get one. Licenses are on sale at the County Treasurer's office.

Mrs. C. J. McNamara and son Junior visited at the home of the former's mother, Mrs. M. A. LeMieux of Flint from Wednesday until Monday. Mr. McNamara motored to Flint Sunday returning with his wife and son Monday. He was accompanied by his brother James, who had been his hunting guest for a few days.

Mr. and Mrs. Elmer Rasmussen and family of Saginaw visited over Thanksgiving with their parents, Mr. and Mrs. Peter Rasmussen and Mr. and Mrs. Adam Gierke. Other guests at the Gierke home included Mr. and Mrs. Allen Gierke of Perryburg, Ohio, and Edward Gierke of Detroit. Both gentlemen are brothers of Mr. Gierke.

Albert Lewis has resigned from the position of superintendent of the County Road commission to look after the logging operations for the Crawford Wood Products Co. at Grayling near Oshtemo. At a meeting of the Road Commission Monday C. S. Barber of Frederic was appointed to fill the vacancy. Mr. Barber has had a lot of experience in road building and will no doubt be an able superintendent.

Mr. and Mrs. Walter Nadeau entertained several ladies and gentlemen at dinner at their home Sunday evening complimenting Mr. and Mrs. Henry Bousson, who are leaving Saturday afternoon for Pasadena, Calif., to be gone for the winter. They will visit their daughters, Mrs. William Aberle and Mrs. Alfred E. Underhill there, and will be accompanied by their granddaughter Laura Ann Rasmussen.

Miss Fedora Montour returned to her duties at St. Joseph's Hospital, Ann Arbor, Thursday after a several week's rest at the home of her parents, Mr. and Mrs. David Montour. On the Tuesday evening previous, Miss Montour was hostess to several young ladies, who were students at Mercy Hospital, while she was in training there. These included Mrs. McKillop (Grayling Ambulance), Gaylord, Mrs. Henry Ahman (Rose Cassidy) Saginaw, Mrs. Carl Carlson (Ellen Johnson) Roscommon, Misses Louise Sorenson and Nina Sorenson, Grayling, and Miss Irene McKay, supervisor at the local hospital.

SCHOOL NOTES

(Continued from Page 1)

of the class. All were dressed in childish customs except Agda Johnson who played the part of an old-fashioned school Ma'am remarkably well. Each pupil had a short piece to say as an English lesson. Nels Olson and Betty Welsh also sang "School Days" while both acted their party cleverly.

The program was very successful and needless to say, the prospects of having the Junior colors on the flag are very good.

Girl Scout News
Last Thursday evening at the meeting of the Girl Scouts, a very enjoyable program was carried out. After the regular business meeting, each patrol put on a short program, a game or anything for the amusement of the rest of the group. Four judges decided that the Junior patrol had furnished the best amusement, thereby giving this group the privilege of being managers of the Christmas party to be held later on.

Jokes
Viola—Heard the stomachache song?
Clara—No, what is it?
Viola—Mean tummy.

Margaret—W—told you to come after dinner.
Teeter—Yes, that's what I came after.

Mary Esther—Can you give me a sentence with awry?
Libby—Sure. Will you have your ham sandwich on white awry?

Dippy Dawson—Lookit the funny holes in that board.
Bry—Those are knot holes.
Dippy—Yes they are too!

Personals
Rudy Harrison was unfortunate enough to badly sprain his ankle while at basketball practice last Monday night.

Another broken arm—Wilbert Swanson this time. The injury was suffered while Wilbert was cranking an automobile.

Practices have begun for the Junior class play, and good progress has been made.

DeVere Schmidt returned to school Monday after a week's absence.

Another six weeks marking period has started and everyone is working hard—finals next time.

Miss Bessey and Mr. Hill are on the hospital list. Miss Bessey having an abscess on her lip and Mr. Hill a broken elbow. We wish them a speedy recovery.

The Drink of Health

MILK

carefully handled as we handle it, provides the most healthful drink you can give the children. It is replete with strength-building food elements in easily digestible form.
